VISITORS FOR THE YEAR 1863.

Appointed by Subscribers.

Rev. W. Hicks Owen.	E. H. Griffith, Esq.
John Jesse, Esq.	Richard Williams, Esq.
Rev. Edward Smart.	Rev. W. R. Wyatt.

County of Denbigh.

Thomas Hughes, Esq.	John Price, Esq.
Townshend Mainwaring, Esq. M. P.	James Maurice, Esq.
Brownlow Wynne Wynne Esq.	W. D. Wynne Griffith, Esq.

County of Flint.

Captain Thomas.	Captain Mostyn.
Henry Raikes, Esq.	Llewelyn Faulkner Lloyd, Esq.

County of Carnarvon.

John Vincent Hawksley Williams, Esq.	W. Bulkeley Hughes, Esq.
Charles Wynne, Esq., M. P.	Colonel Mac Donald.
Admiral Watling.	

County of Anglesey.

John Williams, Esq.	Robert Brisco Owen, Esq.
Rev. James Williams	Rev. Hugh Jones, D. D.
Rev. Henry Wynne Jones.	

County of Merioneth.

R. Meredith Richards, Esq.	John Lloyd, Esq.
Colonel Tottenham.	

House Committee.

Thomas Hughes, Esq., Chairman—*ex-officio* Member.

Townshend Mainwaring, Esq., M. P.	Rev. W. R. Wyatt.
Rev. W. Hicks Owen.	John Price, Esq.
Captain Thomas	Richard Williams, Esq.
John Jesse, Esq.	E. H. Griffith, Esq.
James Maurice, Esq.	Ll. F. Lloyd, Esq.
Rev. Edward Smart.	W. D. Wynne Griffith, Esq.

Resident Medical Superintendent.

GEORGE TURNER JONES, L.R.C.P., EDIN.

Assistant Medical Officer.

EDWARD ROBERT BARKER, M. D.

Chaplain.

Rev. L. LEWIS, M.A.

Matron.

MISS HUMPHREYS.

Clerk and Steward, and Clerk to the Visitors.

MR. JOHN ROBINSON.

Treasurers.

THE NORTH AND SOUTH WALES BANK.

NOTE.—It is deemed essential that the House Committee should consist of persons resident within a moderate distance of the Asylum; yet, the occasional attendance of the Visiting Justices of the distant counties would be much desired by the House Committee.

REPORT

OF THE

COMMITTEE OF VISITORS.

THE Committee, in publishing their 14th annual report, have again the satisfaction of repeating their matured testimony as to the general efficiency of the Institution.

In obedience to the 16th and 17th Vict., cap. 97, sec. 62, they have pleasure in again stating that the house is in good repair, very clean, and comfortably furnished.

The number of patients, at this present, under treatment, amounts to

MALES.	{	Private,	-	-	-	7		FEMALES.	{	Private,	-	-	-	8
		Paupers,	-	-	-	106				Paupers,	-	-	-	111
						<u>113</u>								<u>119</u>
Total,		-	-	-	-	-	232							

It will be remembered that the means for providing an enlargement of the Asylum was, as stated in the report of last year, "then under the grave consideration of the Visitors." The Committee are gratified in reporting, that the Counties in Union have unanimously agreed to raise the sum of £ 8,500 ,for completing the proposed enlargements and additions—and this too upon a satisfactory basis. At a Quarterly Meeting, held on the 3rd day of April last, the following resolution was entered into :—

"That, on the completion of the enlargement of the Asylum, all patients sent in by any county beyond its quota shall be charged as 'out-county cases,' and that the excess so received shall be placed to the credit of the establishment."

The quotas of the several Counties of the sum agreed to be contributed as above, are apportioned according to the census of 1861, *viz.*—

	£	s.	d.
Denbigh	2,381	15	5
Flint	1,646	17	6
Anglesey	1,292	14	2
Carnarvon	2,257	16	3
Merioneth	920	16	8
	<u>£ 8,500</u>	<u>0</u>	<u>0</u>

A house of residence for the Medical Superintendent having become indispensable, the Committee, after much deliberation, decided upon converting the upper stories of the front wing into Wards and Dormitories for pauper inmates. It was of moment that no further call should be made upon the counties in union.

The Committee therefore, in coming to this conclusion, were influenced alone by motives of economy. There will be ample space for at least 50 patients in the front wing, and it will be ready for their reception early in the ensuing year. The two new wings will accommodate 150—thus the stipulated number of 200 will be duly provided for.

A convenient site in the grounds has been selected for the Superintendent's house, and it will be placed in close proximity to the Asylum. On the 18th July, the following resolution was agreed to:—"That the plans and drawings, for the building of Day and Recreation Rooms on the female side, and for the conversion of the front of the house into wards for patients, now produced, be adopted; and that the works be carried out forthwith under the superintendence of the Clerk. Also, that the plans and drawings for the new Store Rooms on each side of the corridor, now produced, be approved—such store rooms to be built of brick; the walls to be a brick and a half thick; and the work to be commenced and carried out in a similar manner."

In pursuance of the foregoing resolution, the building of the Day and Recreation Rooms on the female side has been actively prosecuted, and they will soon be in use. These apartments will doubtless prove an immense boon to the inmates. They are well lighted, the ventilation is good, the floors are boarded, and their general aspect is bright and cheerful. The area of the Day and Recreation Room is 271 yards, and that of the Sewing Room 72 yards.

The colouring and papering of the Wards and Dormitories has been necessarily laid aside for the present. As soon as the alterations now

in progress in the front wing are effected, this work will be resumed and carried out.

The Store Rooms, which are erected in the central court are nearly finished. These rooms will be a most welcome relief. Hitherto, the goods, &c. in stock, have been housed in the upper rooms of the front wing—thus entailing a heavy burden of wearisome toil on the Steward and attendants. It should be added, that all these alterations and additions have been carried on, and completed, under the supervision of the Clerk.

The new Chapel was opened for divine services in July last. The chapel is detached from the Asylum, and the walk to and fro seems to be beneficial to the patients. It may be that they are thus reminded of the days when, prior to their afflicting visitation, they were accustomed to make their way, from their own homes, to and from their several places of worship.

It will be borne in mind that it was clearly understood that the cost of this chapel should be defrayed out of the SUBSCRIBERS ORIGINAL FUND. When finished, it was found that the expenses had exceeded the amount anticipated. The Visitors for the Subscribers were most unwilling that any part of this charge should fall on the counties in Union. Actuated by this feeling, the Rev. W. Hicks Owen sought, by means of a collection, to meet the deficiency. The following list of contributions will show how liberally his appeal was responded to, viz.—

	£	s.	d.		£	s.	d.
Bishop of St. Asaph	20	0	0	Sir Stephen R. Glynne, Bart.	5	0	0
Marquis of Westminster	10	0	0	Miss Mesham	5	0	0
W. Shipley Conwy, Esq.	10	0	0	J. Darbishire, Esq.	5	0	0
C. G. Wynne, Esq.	10	0	0	Baroness Windsor	5	0	0
Mrs. Barrett	10	0	0	W. R. Sandbach, Esq.	1	0	0
Sir Hugh Williams, Bart.	10	0	0				
Lord Kenyon	10	0	0		£ 116	0	0
The Misses Luxmoore	10	0	0				
Chancellor of the Exchequer	5	0	0				

The Dowager Lady Willoughby De Broke transmitted, in January last, the sum of £25 to the Rev. W. Hicks Owen, with a request that it might be placed to the credit of the "Ablett Fund." The Committee take advantage of the present opportunity to record the expression of their earnest gratitude for her Ladyship's valuable donation; and to tender the same also to the Noblemen, Ladies, and Gentlemen who have so benevolently contributed to the extra expenses of the new Chapel.

The lamented death of Dr. Lloyd Williams*—the Visiting Physician—and the approaching marriage of the Medical Superintendent, necessitated

* See page 9.

fresh arrangements in this department. The Committee, after much enquiry and consideration, determined, under existing circumstances, to appoint a Medical Assistant. They were induced to take this course by the assurances that, in every Asylum where this system had been brought into operation, the results had been in every way satisfactory. Advertisements were accordingly inserted in the Newspapers. Applications were received; and, in due time, the election took place. At the Quarterly Meeting, held August 15th, Mr. Edward Robert Barker was unanimously appointed Assistant Medical Officer. The Committee desire to remark that this change in the Medical Staff will not, as they believe, be attended with any increase in the annual expenditure.

The pressure on the available funds having reduced the balances, the Committee felt anxious, in order to prevent delays in the discharge of their liabilities, that a per centage of the amount voted by the Counties in Union should be paid up during the present year. An order to this effect was accordingly made on the 10th of October.

The Receipts and Payments have been examined and checked by an official Accountant. They have also been carefully scrutinized and tested by two of the Visitors, specially named for that purpose. The Auditors feel themselves called upon to express their marked approval of the accuracy with which the various and complicated Accounts of the Institution are kept.

The Committee deem it right to notify the death of Mrs. Shaw—for upwards of 14 years the Matron of this Institution. It will be necessary that a competent successor, should forthwith be appointed, to fulfil the important duties of this responsible office.

The Commissioners in Lunacy, in their Report of the 30th January last, have made the following entry, viz.:—

“The exertions of Dr. Jones—the Medical Superintendent—of the Matron, and the other Officers by which this Asylum, notwithstanding the disadvantages incident to its limited space, has been kept in its present orderly and good condition, are deserving of all praise.”

The Committee are gratified, in having it in their power, strongly to corroborate the Commissioners' favourable judgment.

THOMAS HUGHES,

CHAIRMAN.

December 19th, 1862.

NORTH WALES COUNTIES LUNATIC ASYLUM.

At the Quarterly Meeting of the Committee of Visitors, held on Thursday, April 3rd, 1862 :—

THOMAS HUGHES, ESQUIRE, CHAIRMAN:—

It was proposed by the Rev. W. Hicks Owen, seconded by Captain Thomas, and carried unanimously, That the following minute be entered on the books of the institution; and that copies thereof be sent to Mrs. Lloyd Williams, and to her son, R. Ll. Williams, Esq.

“The Committee, before proceeding to any business, have a melancholy duty to perform. They have to record the death, and they do so with deep concern, of Dr. LLOYD WILLIAMS, for 13 years Visiting Physician of this Asylum. His loss to this Institution will be great; and those of the Committee, who have from the first been fellow-workers with him, sorrow most of all that they shall ‘see his face no more.’”

When the proposition for providing a refuge for the Insane in the Northern part of the Principality was first broached, Dr. Lloyd Williams at once identified himself with the promoters of the movement. It is impossible, at this distance of time, to convey any adequate idea of the prejudices which then prevailed on the subject of Insanity. Those prejudices were widely spread, deeply rooted, and most difficult to contend with. Dr. Lloyd Williams spared no effort to disabuse the public mind. He taxed his energies to the utmost, and was foremost amongst those who were instrumental in bringing this beneficent project to a prosperous issue. For many months, and to the manifest injury of his own health, did he persevere in his wearing and anxious endeavours. The obstacles, which at first sight seemed almost insurmountable, gradually gave way. Contributions were sought for, and an aggregate of more than £6,000 collected. This large sum was devoted to the building of this noble Hospital. The Counties of Anglesey, Carnarvon, Flint, and Merioneth, came into union with that of Denbigh; and to the fostering care and enlightened guidance of our late Visiting Physician must mainly be attributed the fact that the North Wales Asylum, at this

present, holds a place (so far as accommodation extends) second to none other in the United Kingdom.

The Committee well know how vain is all human comfort, under a bereavement such as that which they now deplore ; still, they would fain tender the expression of their heartfelt sympathy to the afflicted widow and her sorrowing family. When the sharp edge of their grief shall have been somewhat worn away, these mourners will doubtless derive consolation from dwelling on the good deeds of him whom they have lost. The Committee do not presume to invade the sanctities of his domestic life, but they feel bound to testify their high appreciation of his public and professional career. They would enumerate, more especially, his warm attachment to his native land, his upright and independent discharge of his responsibilities as a citizen, his ardent desire on all occasions to advance the interests of humanity, and the disinterested devotion of so large a share of his valuable time and cultivated abilities to the merciful work of alleviating the mental and bodily sufferings of his fellow creatures.

It has pleased the Almighty now to remove Dr. Lloyd Williams from this earthly scene of his benevolent and honorable labors. But the "memory of the just is blessed." The Committee, therefore, cherish an unshaken conviction that his bright example will, as years roll on, operate as an incentive to many others to follow in his footsteps, and to "go and do likewise," and that the name of this accomplished physician and Christian gentleman will long be treasured up in the affectionate remembrance of those who knew him best, and in the grateful estimation of every one who takes an interest in the relief of those distressful maladies which he so effectively sought to recover.

REPORT

OF THE

COMMISSIONERS IN LUNACY

SINCE the visit of our colleagues on the 25th January, 1861, 82 patients have been admitted (54 males and 28 females); 58 have been discharged (37 males and 21 females); and 23 (19 males and 4 females) have died. Out of these numbers, 7 admissions, 13 discharges, and one death belonged to the private class. Of those discharged, 43 are entered as having recovered. Excepting one case of suicide, the facts of which were laid before our board, the deaths appear to have been all from ordinary causes, chiefly phthisis, general paralysis, and old age.

At present the numbers in the Asylum are 232—being 114 in the male division, and 118 in the female, of which 10 men and 7 women are of the private class. Several of this latter class, we regret to say, have had necessarily to be removed during the past year in consequence of increasing pressure on the already overcrowded space.

We have seen all the patients at our visit to day, and found them on the whole extremely quiet and well behaved. Their clothing generally was neat, and their personal appearance and condition satisfactory, particularly in the female division.

The health of the Asylum is good. The mortality of last year is less than one half that of the year preceding. As we passed through the galleries, we noticed three women and six men in their beds; but there was no serious case, and all the eleven who are entered as under medical treatment are suffering under ailments of an ordinary kind. Mechanical restraint is never employed on any occasion, and seclusion is hardly ever resorted to.

The system of night watching has had the effect of gradually diminishing the number of wet cases, which has led to the further reduction of those straw beds still in use, which it is desirable should be altogether dispensed with. The office of night attendant in the female division vacant at the time of the last visit has since been filled up.

We have found this Asylum generally in a creditable state. The various dormitories, rooms, and galleries were clean, and, as far as can consist with their present overcrowding, in a fair and satisfactory condition. A cheerful effect has been produced in several of them by papering the walls, and we are happy to learn that this is proposed to be carried out throughout the building. We have to add that in both divisions all those defects necessarily prevail which are inseparable from an establishment crowded beyond its means of proper accommodation.

We saw the patients at dinner, which was well served. It consisted of roast beef and greens—the supply of which was ample, and the quality very good.

We do not find upon inquiry that any plan has been devised, or is in immediate contemplation, for obviating the difficulties and objections to the late proposition for enlargement, raised by some of the counties in union: but if some agreement cannot be arrived at in this respect, either by modification of the terms of union, or some other mode, the remedy must be applied by means of legislation. The evils of the state of things now existing are manifest. Many applications for admission during the past year have been necessarily refused, and faith has been broken with the subscribers, by removal of patients of the private class, in order to provide for the paupers of the counties. If 26 beds were now taken away from the dormitories in both divisions, the building would then be filled to the extreme limit of its fair and reasonable means of accommodation.

The number of patients usefully employed, and the nature of their several employments in the farm, in the shops, in needlework, and in the work of the house and wards, continue to be as reported in detail at the last visit. On the male side there are 80, and on the female 72.

Since that visit the new chapel has been completed, and will immediately be opened. It is a handsome detached structure on the elevation to the west, and is built for 200 patients, though it may be doubtful if it will comfortably receive so many. The numbers at present able to attend religious worship are about 150. We cannot ascertain that it has yet been decided to appropriate the old chapel as a recreation hall, but such a hall is greatly wanted, and we would strongly and earnestly press upon the Committee the advantage of such an arrangement.

It has been found impossible, we regret to say, in consequence of the existence of the air tubes and ventilation shafts immediately beneath the lower galleries, to carry out as intended the substitution of boarded

for tiled floors in those galleries. Several other improvements also suggested have been suspended in consequence of the interruption to the proposed enlargement of the Asylum. Since the last visit, however, a large and commodious kitchen and offices have been added to the lower basement, where space was found for arrangements in all respects more satisfactory than had existed heretofore: An order has also been given, and will be carried out without further delay, for putting hand-rails to the various staircases.

Referring to suggestions specially made in the last entry, we learn that the supply of means of amusement for the patients has been increased, that the men are shaved more frequently, and additional combs and brushes in both divisions have been provided; and that, though less has been done in other matters named, in consequence of the pending changes in the building, there has been some increase of comfortable and domestic furniture—of chairs and seats in the rooms generally, and of curtains to the dormitories.

The exertions of Dr. Jones, the medical superintendant, of the matron, and the other officers, by which this Asylum, notwithstanding the disadvantages incident to its limited space, has been kept in its present orderly and good condition, are deserving of all praise; but the necessity for enlargement has now become so urgent that it is to be hoped the several benches of Quarter Sessions may be able yet to come to some agreement on the subject without waiting for the action of the legislature.

JOHN FOSTER, } *Commissioners*
ROBERT NAIRNE, } *in Lunacy.*

30th January, 1862.

THE
MEDICAL OFFICER'S REPORT.

TO THE CHAIRMAN AND COMMITTEE OF VISITORS OF THE
NORTH WALES COUNTIES LUNATIC ASYLUM.

GENTLEMEN,

The number of patients in the Asylum at the end of the year 1861 was 232; viz., 10 male, 7 female, private patients; and 104 males, and 111 female, pauper patients. During the year 1862, there have been admitted 5 male, 1 female, private patients; and 32 male, and 19 female pauper patients; making a total of 57. During the year there have been discharged,—cured, 3 male private patients, and 13 male and 15 female pauper patients; 3 male private patients relieved; 3 male private patients, and 1 male, 1 female pauper patients not relieved. And have died, 2 male private patients, 16 male and 4 female pauper patients: leaving in the Asylum on the 31st December, 1862, 7 male, 8 female private, and 106 male, and 110 female pauper patients. Total, 231.

The admissions during the past year have been fewer than usual, in consequence of the overcrowded state of the house, which has also diminished the number of cures, as the more recent and curable cases have necessarily been refused admission. The deaths are also below the average of any former year. In our present crowded condition, I consider this result as highly satisfactory. The same mode of treatment which has hitherto proved so successful is still carefully attended to:—restraint is unknown;—occupation, amusement, and out of door employment being the principal features.

In October last, I was desired to report to this meeting upon the following resolution:—"That Mr. Jones be requested to report to the Committee at their annual meeting, whether any and which of the patients may be removed to the Workhouses of their respective Unions, under the authority of the 24th and 25th Victoria, chap. 111." I have carefully considered every individual case, and I have come to the conclusion

that there are very few of the patients whose removal I could conscientiously sanction; and those too on no account until fitting provision shall have been made for their reception and safe custody.

The Commissioners in Lunacy having yesterday visited the Asylum, and reported thereon at length, have left nothing further for me to notice.

During the past year, the lamented deaths of Dr. Lloyd Williams and Mrs. Shaw have deprived me of much valuable assistance. I have to offer my best thanks to the Committee of Visitors for the support they have always afforded me, in carrying out the duties of the Institution, and also to Mr. BARKER, and to Mr. ROBINSON, Clerk and Steward, for their zealous co-operation.

G. TURNER JONES, L. R. C. P. ED.

SUPERINTENDENT.

THE FOLLOWING TABLES ARE GIVEN FOR THE PURPOSE OF FURNISHING STATISTICAL INFORMATION ON THE SUBJECTS TO WHICH THEY REFER.

TABLE I.

Showing admissions, discharges, and deaths, during the year.
